

# AFZAL HUSSAIN ANSARI

Frontend Developer | Electronics and Computer Engineering Undergraduate

☎ +918208257784 ✉ theafzalansari@gmail.com 🐙 GitHub 🔗 LinkedIn 🐦 X (Twitter) 🌐 Website 📍 Nashik, Maharashtra, India

## PROFESSIONAL SUMMARY

Electronics & Computer Engineering undergraduate with a strong foundation in **Full Stack Web Development, Data Structures, and Algorithms (C++)**. Proficient in **HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Git, and GitHub**, with expertise in responsive web development. Experienced in building and deploying real-world web applications using React and JavaScript, adhering to component-based architecture and modern development practices. Skilled in **C, C++**, object-oriented programming, problem-solving, REST API integration, local storage, and version control. Passionate about software engineering, continuously enhancing technical expertise through hands-on projects, coding challenges, and ongoing learning, aiming to develop scalable and user-focused applications.

## EDUCATIONS

**MET Institute of Engineering, Bhujbal Knowledge City** | Nashik, Maharashtra  
*Bachelor of Engineering in Electronics and Computer Engineering*

Aug 2025 - May 2029  
CGPA : 8.55

## PROJECTS

**ResumeCraft AI - Resume Builder** | 🐙 Github △ Vercel  
*Developer*

Jul 2026

- **Developed** an **AI-powered resume builder** enabling users to create professional, ATS-friendly resumes through an intuitive web interface.
  - **Integrated** AI features to generate and enhance resume content, ensuring a responsive, user-friendly experience.
  - **Constructed** a modern, component-based application prioritizing **performance, usability**, and maintainable code.
- Technologies / Tools Used : React.js, JavaScript, Tailwind CSS, HTML5, CSS3, Git, GitHub, Gemini API Integration, Clerk Authentication*

**MovieFlix – Movie Discovery Platform** | 🐙 Github △ Vercel  
*Developer*

Jun 2026

- **Developed** a responsive movie discovery application enabling users to **browse and search** movies via a REST API.
  - **Implemented** dynamic routing, reusable React components, and asynchronous API requests to enhance user interaction.
  - **Designed** a modern, mobile-friendly interface with optimized state management and improved user experience.
- Technologies / Tools Used : React, JavaScript, React Router, REST API, HTML5, CSS3, Tailwind CSS, Vite*

**PPS Practice Hub - Interactive Learning Platform** | 🐙 Github △ Vercel  
*Developer*

May 2026

- **Designed** and **developed** an interactive learning platform for first-year engineering students, featuring programming practice exercises.
  - **Implemented** progress tracking with browser local storage and **organized** content for seamless navigation.
  - Prioritized **responsive design** and **accessibility** to enhance the overall learning experience.
- Technologies / Tools Used : HTML5, CSS3, JavaScript, Local Storage, Responsive Web Design*

**Chronos – Task Management Application** | 🐙 Github △ Vercel  
*Developer*

Mar 2026 - Apr 2026

- **Developed** a Kanban-style task management application featuring task creation, editing, deletion, and workflow management.
  - **Implemented** a component-based architecture and responsive layouts to enhance user experience.
  - **Utilized** local storage to persist user tasks across browser sessions.
- Technologies / Tools Used : Tailwind CSS, JavaScript, HTML5, CSS3, Local Storage, Vite*

## SKILLS

|                                |                                                                                      |
|--------------------------------|--------------------------------------------------------------------------------------|
| <b>Programming Languages :</b> | C++, Python, JavaScript, TypeScript, C                                               |
| <b>Frontend :</b>              | React, Tailwind CSS, Responsive Design, HTML5, React.js, CSS3                        |
| <b>Version Control :</b>       | Git, GitHub                                                                          |
| <b>Languages :</b>             | English, Hindi, Marathi, German                                                      |
| <b>Tools &amp; Platforms :</b> | Node.js, REST APIs, GitHub, VS Code, Clerk, WebStorm, Vite, npm, Vercel, render, Git |
